

# *Opportunity Ahead!*

## *MTA's Economic Empowerment Program Office is here to help.*

Two mass transit mega-projects are soon to be constructed in Maryland – the Purple Line and the Red Line. MTA has established the Economic Empowerment Program Office to help local, small, and disadvantaged businesses to be successful partners. We will:

- Provide information and contracting opportunities
- Direct businesses to valuable resources and training
- Assess firms' readiness to compete and succeed
- Create workforce training programs specifically targeted at transit construction

***Get ready for business opportunities now!***
